What do Wallbeds offer?

Efficient and profitable multiple use of space.

One day. One room. Multiple uses.

Why invest in Wallbeds?

- To generate maximum revenue from a room, even when occupancy rates are down.
- To increase marketability resale value of the room and the whole home.
- To enable bedrooms to be used as meeting rooms for small groups, who might otherwise have to be turned away?
- Your home/business is expensive so you should be getting the most out of every room and you will with a Hideaway Bed.
- Hideaway Beds provide full pre-sale sketches for the Interior Designers, Builders and Architects.

Space Saving Design Options

Hideaway Wall Beds or Murphy Beds conveniently fold up and hide away totally concealing flat against the wall in seconds, saving valuable floor space. Our wall bed range uses standard size mattresses; *therefore you can use an existing mattress.*

Your choices range from **fast economical DIY Wall Beds** that can be slept in within 1 hour of installation, and also Hideaway Beds offers custom made to measure Cabinetry for **Commercial Sico Wall Beds**.

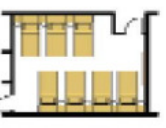

Room Layout applications:

Dormitory Layout

Residential Layout

Emergency Staff Layout

Commercial Layout

Student Accommodation

Students feel and work more efficiently with more usable space in their rooms.

Other student related applications

- Self Contained Camp sites
- School Sick / Medical Bay

Residential Room options

Home / Office conversions have become a more popular way to work from home. And also converting to an instant **Guestroom** when friends come over.

Professions that Benefit from a Hideaway Bed

- Freelance Journalist
- Chiropractors
- Architects
- Builders
- **And other home based Businesses.**

Fire Departments

Fire Departments and other Rescue workers in Australia feel more comfortable in a Hideaway Bed.

Hospital night-shift managers also enjoy restful breaks in their offices during long shifts. (*A Testimonial from the staff at St Vincent's Hospital, Navy Ward, Darlinghurst. Beds installed Feb 2008.*)

Hotels / Motels and Holiday Accommodation

By adding a Hideaway Bed to a Hotel / Motel you can offer the **same room at different rates** depending on the amount of occupants planning on staying **e.g.** By having 2 extra Single Wall Beds in a Room, that is locked away out of sight for a couple of occupants and then unlocked for the **family holiday makers with children.**

Other Commercial Applications

- Caravans
- Motor Homes
- Cabins
- Private Holiday Lettings
- **Serviced Apartments**
